## INDEPENDENT AUDITORS' REPORT

Board of Directors  
Dabbah Securities Corp.  
New York, New York

We have audited the accompanying balance sheets of Dabbah Securities Corp. as of December 31, 2002 and 2001, and the related statements of operations, changes in stockholder's equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements referred to above present fairly, in all material respects, the financial position of Dabbah Securities Corp. as of December 31, 2002 and 2001, and the results of its operations and its cash flows for the years then ended, in conformity with generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on page 13 is presented for purposes of additional analysis and is not required as part of the basic financial statements, but as supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole and in conformity with the rules of the Securities and Exchange Commission.

## **INDEPENDENT AUDITORS' REPORT ON SYSTEM OF INTERNAL ACCOUNTING CONTROL**

Board of Directors  
Dabbah Securities Corp.  
New York, New York

We have audited the financial statements of Dabbah Securities Corp. for the years ended December 31, 2002 and 2001, and have issued our report thereon dated January 22, 2003. As part of our audit, we made a study and evaluation of the Company's system of internal accounting control (which includes the procedures for safeguarding securities) to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practice and procedures) followed by Dabbah Securities Corp. that we considered relevant to the objectives stated in rule 17a-5(g), (1) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c3-3(e); (2) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13; (3) in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (4) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph.

and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are expected in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Dabbah Securities Corp. taken as a whole. However, our study and evaluation disclosed no condition that we believed to be a material weakness.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2002 to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission and should not be used for any other purpose.
